

1 Download the APP and register

Please Scan the **QR code** or search and download „BlueBot“ App and follow the instructions

- Register | you can register by **e-mail** OR by **phone!** it can be found at the top of your screen:
When selecting Email only fill up your e-mail address, when selecting **Phone** only fill up your phone number (without spaces + country code in the number)
- Now you will receive a **Registration Verification Code** via e-mail or phone. **Enter** the verification code
- Set your Password!** In case you log out: you will need your e-mail address (or phone number) + your Password to login in the future
- You can set your desired (family name) and optionally your location!

2 Connecting your Robot

- In the BlueBot App you tap the **Add device** or + icon in the corner of your screen
- Now you Tap the Robot Vacuum **icon** in the App
- Switch ON your BlueBot XBOOST Robot vacuum cleaner and you will hear a voice: Welcome to the robot vacuum cleaner
- Now quickly press the button twice on your robot and release it!
You will now hear a voice: Connecting to network...
- The robot's WiFi icon should now be flashing (greenlight)

3 Enter your WiFi name + Password

When inserted correctly the connecting process will start!

The pairing is successful when 100% is indicated!

You can start to enjoy controlling you robot vacuum via the App.
